

Drum Unit Rebuild Kit

for use in Ricoh AP 3800/3850C Color Digital Printers

This easy-to-install Drum Unit Rebuild Kit combines leading-edge technology, reliable performance and significant cost savings!

Benefits:

◆ Lower Costs

Using this Katun-exclusive kit, dealers can now rebuild OEM drum units at a fraction of the cost of a new unit. Actual life is comparable to the actual life of corresponding OEM product, under similar usage conditions.

◆ Total Convenience

High-quality components and clear instructions equate to simple, consistent rebuilds.

◆ Best Overall Value

Katun Performance products combine superior quality, industry-leading consistent performance and competitive pricing to offer our customers excellent overall value.

◆ 360 Degree Quality Certification

Leading-edge technology and world-class manufacturing, coupled with a knowledgeable technical and sales staff, provide you with the quality assurance you expect from a reputable global supplier. Katun Performance products undergo rigorous and thorough application-specific testing in all models to ensure that these products meet or exceed OEM baseline criteria. In addition, we back these products with a one-year warranty that offers the choice of credit or replacement.
